Dreams On Wings

“Giving children faced with serious illness the experience and joy of flight which pilots feel privileged to share”

Birmingham International Airport
Atlantic Aviation Hangar 8
6512 43rd Ave N

Saturday, May 16th, 2020

Have A Full Day Of Fun On Us!!

When a child is faced with a serious illness it affects the entire family. Dreams On Wings is designed to give those children and their families a day to forget about the issues they're dealing with and do something few people get to do—FLY!!

Through the generosity of numerous individuals and organizations, the Dreams On Wings program provides a full day of entertainment--Limo rides, games, food, drink, clowns, and **FLYING!!**

You will be flown in one of a variety of aircraft donated by our highly qualified volunteer pilots. From a single engine Cessna to a helicopter to a business jet, you will have the opportunity to experience the thrills that pilots love. You will be taken on a 45 minute flight around the city of Birmingham. **And the best part of it is that some of your immediate family get to go, too!**

If you are interested in participating either as a volunteer or as one of our guests, please contact a Dreams On Wings volunteer at (205) 417-7003 or (662) 574-3218.
